

THE SOLAR-POWERED BACKUP BATTERY PACK WITH 5000mAh LITHIUM BATTERY

eton
EMPOWERED BY NATURE

boost solar

Pack it in. Power it up.

GET A BOOST FROM THE SUN

Go outside and play...but always make sure you've got power with the BoostSolar. This solar-powered backup battery pack features a rechargeable 5000mAh lithium battery for long-lasting reliable power—wherever and whenever you need it.

KEEP WALKING AND TALKING

When the BoostSolar is all charged up, you'll have enough backup power to fully charge most smartphones twice. With the 2.1A USB out you can also charge your tablet.

ALL CHARGED UP

And ready to go. In addition to charging in the sun, the BoostSolar features a micro-USB DC input for use with most smartphone chargers. Use the standard USB port for charging mobile devices.

Water resistant and rugged design

Charges mobile devices or tablets

Solar power charging

Rechargeable lithium battery

ALL-WEATHER, ALL-TERRAIN

BoostSolar has a rugged rubber exterior¹ and an IPX-4 rating², so it's super sturdy and splashproof—for every adventure. And the built-in fastener loops make strapping it on to a backpack a cinch.

KNOW YOUR POWER

Just press the button and the LED charge indicators will let you know how much battery charge you have left.
